### THE BENEFITS OF WELLNESS

The Barco One Wellness™ line has a Bio-Mineral, Far Infrared reflective finish that is on the inside of the fabric. Far Infrared is a type of energy on the infrared spectrum that may have benefits for the human body. We've harnessed these potential benefits with the goal of helping the body recover, especially when it's hard-at-work caring for others.

The natural minerals based elements of Elvan, Amethyst, Red Clay, Platinum and Germanium interact with the wearer's body. These minerals may enhance blood circulation, increase tissue oxygenation and maintain consistent optimal body temperature by circulating energy back to the body.
